

Daredevil of Hollywood

Music and Lyrics by
Michael Caputo

These are the facts
I confess that it's a dirty shame
(Such a dirty shame)
I bled a lot
Like a gambler in a losing game
Cool wind blows through the
araucaria
Exotic wrangle tonight
As I might have guessed
You'd stress out with the blinding
night
Memories of those crazy times
But they seem so far behind
Left me in a different world
With some Soho Asian girl

Daredevil of Hollywood
On the freeway in a trashy jet motor
When you end up in paradise
I will be there

Cut through the mix
Cause the fix it just got blown away
(The fix got blown away)
If even now I pretend to never hear
A word you say (A moment of
silence)
You catch me out there
With the 1 Oak crowd
Where the music is fine
And too damn loud
As I manage to hustle on home
Where I belong
Some La La and my DVR
(DVR)

Retro Cinémoi
Chillin' in a Neo World
(Neo World)
With some Soho Asian girl

Daredevil of Hollywood
On the freeway in a trashy jet motor
When you end up in paradise
I will be there

The Angel's famous fall
The hyperdrive plane
To the glory wall
The end of the line so they say
For the nitro cycle
Wheels of Yesterday

Memories of those crazy times
(Crazy times)
But they seem so far behind
Left me in a different world
(Neo world)
With some Soho Asian girl

Daredevil of Hollywood
On the freeway in a trashy jet motor
When you end up in paradise
I will be there
