

# Scarlet Street

Music and Lyrics by Michael Caputo

Johnny beat Kitty  
She gammin' the fleet  
Come and take a ride down to Scarlet Street  
Criss crossed lover  
Cop on the beat  
Movin' right along down to Scarlet Street  
They got games there  
Funny faces too  
They got the Susie Q Lounge  
A gabble gather for the chosen few

Don't you be so  
Melancholy Baby  
Can't you see that I am so  
In love  
In love  
In love  
In love

Late night java at Tiny's place  
Wipe that dirt off your awesome face  
Did I hear you right?  
Did you say you're an actress?  
I'm an artist unknown in America  
It's ten past two on the clepsydra  
What a crazy night  
To end your life  
Sometimes people get what's comin'

Kitty and Johnny in the cat bird seat  
Takin' a ride down to Scarlet Street  
From a jolly good fella  
To a corporate thief  
Underneath a spell on Scarlet Street  
They got lamp post vipers  
She got the lazy leg blues  
I take the El Camino  
And rumble on down to the  
Rhythm Reviews

Don't you be so  
Melancholy Baby  
Can't you see that I am so  
In love  
In love  
In love  
In love

It's ten past two and I gotta get home  
Been lookin' at the sky in the Twilight Zone  
Come the early bright  
I'll be painting a blue moon  
Can hardly get enough of her off-time jive  
Jewel watch chime past quarter to five  
Crazy night to end your life

Enantiomorphic wonder  
Lacking all perspective  
Of your dreams

Baby take a ride in my back seat  
Movin' right along down to Scarlet Street  
The Mighty Mez mugglin'  
Stompin' the beat  
Kitty boot me up on Scarlet Street  
Kitty got murdered  
Johnny got beat  
Moving right along down to Scarlet Street  
(Jeepers I love you Johnny)
